

Hydropower Public Consultation Event  
6<sup>th</sup> December 2012 8pm  
Elmbridge Xcel Leisure Complex,  
Waterside Drive, Walton-on-Thames KT12 2JG

HP-Projects would like to invite you to attend a public consultation event about our plans to develop a hydropower project on the Thames near Sunbury Weir.

The Consultation will be happening on the evening of the 6<sup>th</sup> December at the Xcel Centre at 8pm. We will be giving a presentation including our early designs and plans to maximise the benefit to the community. We understand many local people visit this area and may have some concerns about the potential impact this project may have. We hope to cover all these points in our presentation but we will be on hand along with representatives from the Environment Agency and the Civil Contractor to answer any questions afterwards. We have already undertaken a range of surveys and are working with both the council and the Environment Agency to determine what else needs to be done. We will be using display boards and will be very keen to hear your comments or suggestions on the night or via a comments box we will provide.

Please do attend if you live or work near and/or visit the area socially as this is your opportunity to be involved in the process.

If you are unable to attend this event we will also have a display behind the reception area at the Xcel Centre on the 7<sup>th</sup> December between 10am and 4pm to answer any questions. If you are unable to make either of these times please contact us at [info@hp-projects.com](mailto:info@hp-projects.com) and we will be happy to find another way to meet.
