

# PROPOSALS FOR REDEVELOPMENT OF THE BUGLE NURSERIES SITE

Angle Property (Angle), a development company focused on delivering high quality schemes in London and the South East has acquired the freehold interest in the former Bugle Nurseries site on Upper Halliford Road.

Angle is developing proposals for a residential and care home development on part of the site. Ahead of submitting a planning application to Spelthorne Borough Council, Angle is keen to engage with the local community and provide an opportunity for you to view and comment upon the plans.

Angle is to hold a public consultation and information event, scheduled to take place on Friday 23rd February at Alan Freeman Community Centre, details overleaf.

Please fill in the comments slip below with your thoughts and return it in the post, or contact our information line on **0800 319 6187** to speak to a member of the team who is available to answer your questions.

## WHAT'S PLANNED?

The high quality proposals by Angle seek to redevelop part of this previously developed site, with much-needed new homes and accommodation for older people.

Under the proposals, an attractive and sensitive redevelopment of the site would provide new homes and a care home on the currently developed part of the site. The waste transfer station at the rear of the site would be shut down and re-landscaped. The proposed redevelopment would remove the anti-social commercial activity and associated heavy traffic movements whilst providing much needed private and affordable homes.
