Changes at Surrey's community recycling centres

Check inside for the changes
that will affect your local centre
from **1 April 2016**

surreycc.gov.uk/recycling

Increased demand for essential services, coupled with reduced government funding, means Surrey County Council needs to reduce its spending in other areas.

So from 1 April 2016, changes will be introduced at Surrey's 15 community recycling centres (CRCs) that will enable the council to make critical savings while still maintaining a comprehensive service for residents.

The changes were decided after residents were given the opportunity to feed back their thoughts on a range of cost saving options. As a result the opening hours will be slightly reduced at all centres and some will close for a day or two a week. All of these changes will be at the least busy times.

There will also be charges introduced for non-household waste, and reuse stores will be opened at recycling centres where there is space. Alongside this there will be increased enforcement of the existing schemes to check that users live in Surrey and have a van permit where appropriate.

Opening hours

All CRCs will operate slightly reduced hours which will be the same all year round:

Weekdays: 8am-4pm

Weekends: 9am-4pm

Opening days

Ten centres will continue to open seven days a week. The remaining five will close on one or two days:

CRC	Day(s) closed	Alternative site(s)
Bond Road, Warlingham	Sunday and Monday	Horley Road, Earlswood, RH1 6PN or Chaldon Road, Caterham, CR3 5PG
Ranmore Road, Dorking	Tuesday	Randalls Road, Leatherhead, KT22 0BA
Chaldon Road, Caterham	Wednesday	Horley Road, Earlswood, RH1 6PN
Elmbridge Road, Cranleigh	Wednesday	Petworth Road, Witley, GU8 5QW
Bourne Mill, Farnham	Thursday	Petworth Road, Witley, GU8 5QW or Slyfield Industrial Estate, Guildford, GU1 1RU

Non-household waste

From **1 April 2016** non-household waste (plasterboard, refillable gas bottles, tyres and large amounts of rubble) will only be accepted at eight CRCs:

Charlton Lane, Shepperton, TW17 8QA

Wilton Road, Camberley, GU15 2QW

Martyrs Lane, Woking, GU21 5NJ

Blenheim Road, Epsom, KT19 9DL

Randalls Road, Leatherhead, KT22 0BA

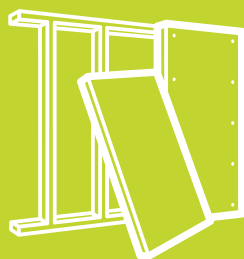

Horley Road, Earlswood, RH1 6PN

Petworth Road, Witley, GU8 5QW

Slyfield Industrial Estate, Guildford, GU1 1RU

Charges are also being introduced for this type of waste, but there will be a free allowance of one 25kg bag of rubble per day.

The charging will start as soon as possible after 1 April once costs have been confirmed and the payment mechanism is in place. This will be a cashless system with payment by card only.

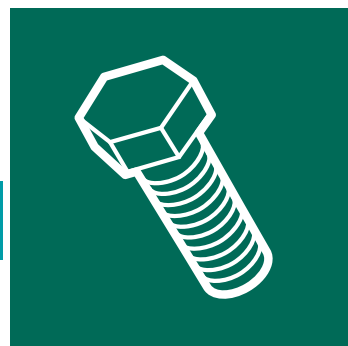

Resident ID scheme

You may be asked to prove you are a Surrey resident at some of our CRCs. This is because our CRCs are provided for and paid for by Surrey residents. By requesting identification we can ensure that only Surrey residents are using them for free.

Van permit scheme

If you drive a van, pick-up or pull a trailer you need to apply for a van permit to bring your vehicle to any CRC in Surrey. That way we can make sure the sites are only used for household and not commercial waste. The current scheme is being updated and existing permit holders will need to reapply for a permit. It's anticipated that the revised scheme will be introduced from 1 April 2016 and further information will be provided in advance.

In addition, you cannot bring construction waste to the sites in vans, pick-ups or trailers. Instead take it to any of our four transfer stations in Shepperton, Guildford, Epsom or Leatherhead where it can be weighed and paid for.
